6	11.94%	0.02	0.05
7	30.00%	0.01	0.02
Total	15.47%	0.02	0.04

INSIGHTS

- Returning visitors show significantly higher purchase intent.
- Traffic sources with lower bounce rates generate stronger conversions.
- Most users interact with fewer than 50 product pages.
- High engagement does not always guarantee purchases.
